

Hotel Espléndido

A SEAFRONT HOTEL WITH VINTAGE CHARM IN CHIC PUERTO DE SÓLLER

Hotel Espléndido was a traditional 1950's seaside hotel which has been lovingly renovated into a stylish and contemporary luxury hotel, whilst retaining the best of its vintage charm and a laid back and welcoming atmosphere. Espléndido sits proud at the top of the sweeping horseshoe bay of chic Puerto de Sóller, sheltered by the Tramuntana mountains in the north-west of Mallorca. Fronting the pedestrianised promenade with views to the Mediterranean sea, its impassive grandeur is displayed as you arrive on the antique wooden train that has trundled through the Tramuntana mountains from Palma to Puerto de Sóller since 1912, stopping outside the hotel. Sea view rooms at the front of the hotel enjoy large terraces and balconies, others with a garden view where you can look out over the terraced grounds. Several shared terraces overlook the bay, and without doubt the best place for sea views is from the fifth floor, where you have access over a bridge to the outside area, built into the hillside, with an open-air pool (and children's section). On various levels, sun-loungers are dotted across the stepped cliff, which leads to an adult only thermal infinity pool in the lush terraced gardens, where pine and olive trees provide welcome shade. There is a gym and a spa with an indoor jet stream pool, 2 treatment rooms offering body therapies and massage, manicure salon, thermal showers, Finnish sauna and Turkish sauna with sea view.

The new fitness area offers Pilates, yoga, TRX and stretching classes. The 69 double rooms of Hotel Espléndido offer all the modern comforts and luxury details, including sumptuous beds and lux pillows, Nespresso machine and complimentary gifts. For pure luxury the Espléndido Duplex Suite has a master bedroom with terrace facing the sea and an extra bedroom on the second floor, two bathrooms - one with shower and one with a relaxing bath tub, and a separate living room with TV and DVD. The best of all: an open air living room with private Jacuzzi, shower, sun beds and a dining room table for your room service dinners! Two family suites and Atico rooms offer parallel luxury. A delightful menu of fresh produce is provided in the breakfast room with its sun-drenched balcony, also facing the sea. Espléndido's intimate bistro, open all day long and popular with locals, offers fresh Mediterranean and international cuisine, primarily based on local produce. The spacious cocktail bar & lounge, a regular meeting place in the Sóller harbour, is furnished with plush colourful sofas. While sipping a café latte or enjoying a glass of wine reflect on the setting sun between the two lighthouses over Sóller bay.
