

Hostal Parador de los Reyes Catolicos

A XVITH HOTEL WITH THE LUXURY OF THE XXITH CENTURY

In 1953 the hospital, build in 1499, became a luxury hotel providing amenities unimaginable at the time. Called Hostal de los Reyes Catholics, it was inaugurated in 1954, becoming an iconic building in the history of the city of Santiago and now one of the most luxurious and beautiful hotels in the Paradores chain. In Santiago, the destination of millions of pilgrims, rays of sunlight illuminate the building façades in summer and the rain creates a magical ambiance that overtakes the cobbled streets in winter. The Parador de Santiago is a blend of history, art and tradition, the dream of pilgrims and emblem of Santiago. It is located on Obradoiro Square near the cathedral, creating an area of spectacular beauty in one of the most visited provincial capitals in the world. A stay at this 5 star Parador means a visit to a truly unique and exclusive location. Inside the Parador Museum, one of the oldest hotels in the world, you will discover four beautiful cloisters, elegant rooms, spectacular guest rooms and a luxurious dining room that offers fish and meat prepared in the Galician style, along with classic apple filloas (a type of crêpe) and crème brûlée and traditional tarta de Santiago (almond cake). The Hostal de los Reyes Catholics offers two equally enticing restaurants. Restaurant dos Reyes is a historic space

housed in what was once the stables for the Royal Hospital. The spectacular dining room is located in the building's half-basement, with vaulted stone ceilings and elegant décor that make sampling their Atlantic cuisine a truly unique experience. The other restaurant is Enxebre do Hostal, also in the building's basement. There is another entrance from the street a few meters down a side street leading off Obradoiro Square. On the hotel's lower level, you will also find a bar in which to enjoy a drink or an excellent cup of coffee. Both restaurants offer a menu based on traditional Galician cuisine, with ingredients that retain their natural flavour, prepared in an exquisite contemporary style. Yet they all delight in dishes created using fish and seafood from Galicia, beef and vegetables paired with traditional cheeses. Parador de Santiago, the centre of social life, cultural and Galician politics, is decorated with magnificent works of art from the collections of National Heritage. In short, a beautiful luxurious Hostal Parador worth losing your worries at least once in lifetime whether you are a pellegrin or just a visitor of the city.
