

The Serras Hotel

PERFECTION ON THE MEDITERRANEAN

The Serras Hotel is an elegant 5-star GL boutique hotel overlooking Port Vell Marina, Barcelona. With a dipping pool and cocktail bar, live DJ weekend sessions and a Michelin-starred chef - Marc Gascons - creating a selection of sharing plates and healthy food, it is the pure chill-out location. Barceloneta's beaches, the lively El Born district and Barcelona's most recognisable landmarks are just a short walk away. Here, breezes blow off the Mediterranean into large rooms with balconies that offer a front row seat to this trendy neighbourhood. Ideal for weekend breaks, business trips and luxury holidays, it boasts a cool, trendy atmosphere, world class amenities and dedicated personal service for a truly memorable hotel experience in the first studio of Pablo Picasso on vibrant Barrio Gótico where he painted Ciencia y Caridad in 1897. The hotel's beautiful facade is the careful restoration of the original by architect Francesc Daniel Molina, famed for the Plaça Reial. During the restoration process, archaeologists found part of the dock of the city of Barcino dating from the 1st century; it remains underneath the hotel today. The 28 guest rooms and suites boast a modern, chic urban feel. Designer Eva Martinez has created a light and airy atmosphere with rounded and ergonomically shaped furniture, while monochrome guest rooms equate the calmness of public spaces, each commanded by oversized headboards fashioned from hydraulic tiles, panelled walls, ash wood flooring and freestanding bathtubs. Each room has been carefully soundproofed to offer guests a genuine hideaway overlooking the Mediterranean Sea or the inspiring Merce Street in the Gothic Quarter. All rooms come with the latest state-of-the-art technology, a smart HD TV, wireless sound system and Malin & Goetz amenities. On the first floor you will find the latest Life Fitness gymnasium featuring cardiovascular equipment and a personal trainer. Le Nine Bar, which overlooks the lobby and restaurant, offers a relaxed atmosphere that makes it perfect for a business meeting during the day, a drink before dinner or a social evening. From morning coffee to a pre-dinner aperitif, with music and lighting that changes as the day turns to night, this bar will suit your every mood and remains open 24 hours a day. The Serras has a beautiful rooftop overlooking the marina with a cocktail pool and an informal bar, and serves drinks as well as a selection of sharing plates, including tartares, salads and paellas.
