

Portixol Hotel & Restaurante

A BOUTIQUE HOTEL BEAUTIFULLY SITUATED
IN PORTIXOL'S HARBOUR

Portixol Hotel & Restaurante is a stylish, exclusive boutique hotel that sits on the sea front of Portixol's tranquil fishing harbour, a trendy area with a long palm-lined promenade and cycle path which connects Portixol to Palma's old town. Exploring the local area on the hotel's courtesy bicycles is a must. Portixol was one of the first boutique hotels to open in Mallorca and despite its full refurbishment has managed to retain some of its best 50's art deco features, blended with its modern Scandinavian chic design of light airy spaciousness. The hotel's white building with its typical Mallorcan blue shutters and dark wood balconies stands out as you approach Portixol. Its enviable location means that you can enjoy sea and harbour views whether you're taking a bite to eat, sipping a cocktail or lounging in your room. On the ground floor, the restaurant and international cocktail bar are surrounded by large glass windows that open out onto shaded decked terraces with wicker sofas, and a designer pool. For cooler evenings a lounge provides entertainment with a vast vinyl record collection, CD's and DVD's. Chill by the pool, workout in the gym, refresh in the sauna and Jacuzzi, then pamper yourself with one of the many Spa treatments on offer using delicious Kerstin Florian products. Choose from a full range of massages, body scrubs, therapies, and beauty treatments. Portixol's delightful, bright, well planned rooms offer all the modern amenities for a luxurious stay: nespresso machine, Wi-Fi, TV / DVD, Bluetooth speakers and even binoculars! 13 of the 26 rooms have terraces, overlooking the sea. All have large showers and dreamy king-size beds. Breakfast is a feast, with a huge selection of fresh fruit, yogurts, cereals, meats, cheeses and breads. The restaurant is open from breakfast to late evening and is a very popular choice restaurant of the locals. The lunch and dinner menus mix traditional Mediterranean cuisine with oriental and European classics. Its popularity can be summarised by: the food, the wines, the view, the service, the ambience. Whether it's fine dining in the restaurant, lunch by the pool or snacks at the bar, the experience is always enjoyable. The cocktail bar, with comfy sofas, soft music and international newspapers, are renowned for serving the best coffee and best burgers on the island.
