

## Hotel Palacio San Facundo

A RENOVATED 16TH CENTURY PALACE JUST 100 METERS  
FROM SEGOVIA'S PLAZA MAYOR

The Palacio San Facundo Hotel is located in the centre of the quietest part of the World-Heritage-listed historic town of Segovia, on the golden mile. This renovated 16th Century palace, just 100 meters from the Plaza Mayor between Segovia's Cathedral and historic aqueduct, is the transformation of a noble Segovian house into a modern and charming 33 room hotel. The Palacio San Facundo is family-friendly and offers a small but atmospheric 24-hour lobby reception with high, beamed ceilings, dark wood and low lighting emphasising the intimate quality of the original room. An open space filled with light, the atrium is located at the centre of Palacio San Facundo, its domed glass ceiling a modern addition to what was formerly a traditional Spanish patio. This is the heart of the hotel, where age-old columns surround you while you enjoy a beverage or snack from the café. Also used as the breakfast room, this is the place where the hotel most embraces a design style of old versus new, with a vibrant colour scheme and contemporary furnishings balancing against original features. The rooms, set over three

floors, have a special charm with colours, fabrics and bed nets that transform every room into a romantic corner. Exposed beamed ceilings and traditional windows add to the ambience, whilst the latest technology offer all the modern comforts for business, leisure and pure pleasure. With an accent wall adding a bright colour infusion to each room, you would be forgiven for forgetting the age of this property. Among the facilities provided in the rooms are en-suite bathrooms with shower or bath, double beds, satellite / cable TV, Internet access, safe and hairdryer. Rooms have individually regulated air conditioning. Palacio San Facundo offer conference facilities with 4 dedicated meeting rooms equipped with 42 inch plasma screens, projector screens and flip boards. This is an excellent four star hotel with a homely service, allowing you to take Segovia at your own pace.
